CIGARETTES AND SPORTS: STRIKING OUT AGAINST TOBACCO - 4764

video color 50 min. 1989 A, Professional

Dr. Alan Blum addresses the first annual Conference on Tobacco Use in America, January, 1989. Shows the powerful use of images by the tobacco industry in its advertising. Shows how they are able to circumvent the ban on television advertising of tobacco products. Shows a thirteen-point campaign to combat smoking, including the boycotting of non-tobacco products produced by tobacco corporations. Emphasizes that the tobacco industry is one of the top spenders in sports marketing. Discusses the Doctors that Ought to Care organization (DOC) and how they are using humor to create anti-tobacco ads to begin a movement to offset the highly effective ads of the tobacco industry. (DOC) (ADVERTISING; CESSATION; TOBACCO INDUSTRY)

CONFESSIONS OF A SIMPLE SURGEON - 5311

video color 21 min. 1989 JrH-A

Features Australian surgeon Arthur Chesterfield Evans as he battles the tobacco industry. He shows the evidence that convinced him that tobacco is the most potentially dangerous product on the market today. He indicts the tobacco industry for replacing their dying customers with a new generation of smokers through sophisticated advertising practices. (PYR) (DANGERS; TOBACCO INDUSTRY)

DEATH IN THE WEST English- 4087 Spanish-6315

video color 28 min. 1983 P-A

Presents a powerful exposé of cigarette advertising myths.

Juxtaposes the healthy independent image of the Marlboro Man, defended in revealing interviews with cigarette company executives, with the stark reality of six smoking cowboys--all dying of smoking-induced illnesses. Helps increase perception of the hazards of smoking, creates awareness of the deceptive nature of cigarette advertising, and discourages young viewers from beginning to smoke. (PYR) (ADVERTISING; SPANISH LANGUAGE)

DIARY OF A TEENAGE SMOKER - 6326

video color 26 min. 1991 I-SrH

Commentaries from teenage girls tell why they started smoking, how they felt physically and emotionally when addicted to cigarettes and how they quit. This film explores the image that allures young girls to start smoking and uses rock music, humor and fast pacing to reach its teenage audience. (EASTWE) (TEENS; WOMEN)

DOCTORS OUGHT TO CARE TOBACCO SLIDE PRESENTATION - 3158

62 Slides color 1992 A, Professional

DRUGS, SMOKING AND ALCOHOL DURING PREGNANCY - 6151

video color 9 min. 1992 SrH-A

Alleviates the confusion many pregnant women have about what may be harmful to their babies. Hazards discussed include: cigarette smoking, alcohol use, and illegal drugs, with special emphasis on cocaine. The potential dangers of over-the-counter and prescription drugs are also mentioned. Viewers are given tips on how to treat colds without resorting to medication. (MILNER) (WOMEN)

DYING FOR A SMOKE: KIDS AND TOBACCO - 5900

video color 16 min. 1993 I-SrH

The truth about cigarette advertising is revealed in this program. Cigarettes and other tobacco products are addictive, filled with poisons, expensive, and dangerous. Tobacco usage is explored through both nonsmoking teenagers and those who smoke but describe their desire to quit. Also includes a plea from a former smoker dying of lung cancer warning kids to not start smoking. (CORONE) (ADVERTISING; TEENS)

E-HAZARDS: THEY'RE OUT THERE-7218

SMOKING: KICKING THE HABIT - 5307

video color 28 min. 1992 A-Professional

In an interview setting two health professionals discuss the smoking phenomenon, expressing the differences by gender of those starting to smoke, and those quitting the habit. Explains that while young children, having been educated about the dangers of smoking, may try to get their parents to stop smoking, teens are not as concerned about long term consequences. Children in homes where parents and older siblings smoke are much more likely to smoke. Encourages the person trying to quit smoking to be persistent and not to give up, even though they may start and stop many times. Encourages smokers to document where and when they are more likely to smoke and to monitor the number of cigarettes they smoke each day. Quitters need not stop "cold turkey", decreasing the number of cigarettes smoked each day can also be an effective method. (HLTHED) (CESSATION)

GENERAL INFORMATION

Purpose

The Audiovisual Library is maintained for the specific purpose of furnishing agencies, organizations, and individuals with health education media that can be useful for public education, professional education, and school programs.

It is not possible to supply all the media needed for educational programs throughout the state. Health departments, schools, colleges, hospitals, and other organizations are urged to purchase media items for which there is frequent or regularly recurring use.

Who May Borrow

Any responsible individual in Texas may borrow media from the collection. There is no charge other than payment of return mailing and insurance. Media from this library cannot be sent outside of Texas. To be eligible for library services, you must submit a signed Statement of Responsibility form indicating that you have read and agree to abide by all the rules and regulations of the library and that you accept financial responsibility for the media you borrow. A blank Statement of Responsibility form follows the Annotations section in this catalog. If you do not have this form on file, please remove it from this catalog, read, sign and mail or fax it to the library before you place your next order. Only one signed form is necessary.

Types of Media

The types of media in the collection include 16mm films, 1/2" VHS videocassettes, slide/tape programs, books, audiocassettes, and audiovisual models. Most of these are evaluated and acquired by the various units within the Texas Department of Health. Items in the collection are for free loan only and are not available for sale.

How to Order Media

When possible, borrowers should submit a written request for media. The Audiovisual Library provides a media order blank for this purpose. A Health Media Order Blank is included at the end of this catalog.

All of the information must be completed on the media order blank. The order form must be signed.

The Audiovisual Library also accepts telephone requests between 7:30 a.m. and 5:00 p.m. Monday through Friday: (512) 458-7260, or you may fax your order anytime to FAX: (512) 458-7474.

For borrowers outside of Austin, orders should be received by the Audiovisual Library at least 4 days in advance of the show date. This requirement allows for processing and shipment.

Austin borrowers have two options to receive media. Programs may be picked up and returned at the Audiovisual Library in the Warehouse, Room 115, 1111 North Loop, Austin. Please call for specific directions for locating the library. If the items are available, they may be reserved and picked up during one visit. Programs may also be shipped. The borrower is responsible for payment of the return mailing and insurance.

The loan period is for a maximum of ten days unless other special arrangements can be made. Unless the ten days are specifically requested, media will be scheduled for five days.

Group together all items needed on the same dates. Include the catalog numbers for all items. Several items are available in different media formats, such as 16mm film, and 1/2" VHS videocassette. The catalog numbers distinguish the format and are very important.

Borrowers are limited to eight media titles for a given loan period in order to provide maximum access to the collection by the greatest number of borrowers. New clients may check out a maximum of three items on their first order.

Plan ahead and check your calendar before ordering. Reservations are accepted up to a year in advance of the show date. Do not schedule items to be received or returned on holidays or weekends. Unless you specify otherwise, any media requested but not available on the dates specified will be booked for the first available date or a similar title will be scheduled for the requested use dates. If you need to cancel these items, do so before the ship date indicated.

Order Confirmation

Orders are confirmed in writing. Confirmation letters list the titles available, the ship or pick-up date, the date the items must be returned, and the titles not available. Check this information carefully and telephone the Audiovisual Library before the scheduled ship date if any corrections are needed. An extra order blank is included with the confirmation for future use. If you would like to have your confirmation letters faxed to you, please supply us with your fax number.

Copyright Restrictions

Media in the collection cannot be duplicated or televised without prior written permission from the copyright owner. Media cannot be shown for commercial purposes, nor can an attendance fee be charged for their showing. Violations of federal copyright law will result in the immediate suspension of Audiovisual Library privileges and prosecution by the copyright owner can result in financial penalties and/or jail.

Borrower Responsibility

Media may not be lent by the borrower to others. The borrower accepts responsibility for return shipping costs and for the prompt return of media items, loss or damage beyond repair, copyright compliance, and determining appropriate audiences.

Media items are in great demand so it is extremely important to return them on the scheduled date. Any borrower having three (3) late returns will have their Audiovisual Library privileges suspended. No further confirmed orders will be shipped to borrowers with materials still out that are two weeks or more late being returned. Willful failure to return borrowed media upon request will be viewed as theft of state property in violation of Section 31.03, Texas Penal Code, the conviction of which could, depending on value, result in a fine not to exceed \$500.00 (Class C Misdemeanor), to confinement up to 10 years and a fine up to \$10,000 (Third Degree Felony).

Items reserved for pick-up that are not picked up or canceled will be returned to stock and will count as a late penalty against the borrower's record.

The borrower is financially responsible for borrowed media until its return to the Audiovisual Library. Borrowers will be billed for any lost or damaged media.

Returning Media

Return items on or before the scheduled return date. If you need to extend a reservation, telephone the Audiovisual Library at (512) 458-7260 and it will be extended once if there are no other reservations. Extensions should be kept to a minimum.

Borrowers in Austin return media items to the Audiovisual Library. An outdoor drop box is located near the Library entrance to return items after closing. Borrowers who had their programs shipped to them are responsible for payment for the return shipping costs and insurance.

All 16mm films are inspected and repaired upon return. Borrowers should not attempt repair and should not use scotch tape on films. Return 16mm films on the same size reel. Tape down the ends of film with masking tape.

Videocassettes should be rewound before return. A condition check is made after each circulation.

Return slide/tape programs with the slides in the correct order and the tapes rewound. Do not tape, label, or write on slide/tape storage boxes.

Return all supplemental printed material such as study guides with the media. Return all video cases. Such material not returned will cause borrowers to be billed for replacement or a late penalty will be assessed.

Pack media items in the same shipping containers in which they were received. Return the packing list with the item and indicate usage and any condition problems. A return address label is provided. Tape shipping case straps securely.

Items will be shipped by UPS. You are not required to return them by UPS, but this is encouraged so missing shipments can be readily traced. When returning media to the library, videos should be insured for \$200 each, slide-tapes and models \$100 each and films \$400 each. Shipments valued at over \$400 should be returned by UPS or similar courier service. Borrowers will be liable for returned uninsured shipments if lost in transit. The user

assumes financial responsibility to the State of Texas should items requested be lost, stolen, or damaged from the date received until the materials are received in the Audiovisual Library.

How to Order Catalogs

A **HEALTH MEDIA CATALOG** (Form #4-20) is provided upon request. There is no charge. Orders for film catalogs should be sent to the Audiovisual Library at the address below. They should include the requester's mailing address and the quantity needed. Quantity is limited to 10 copies per request. You may also request a catalog at our web page. Our internet address is: <http://www.tdh.state.tx.us>

Another film catalog available is the **EMS MEDIA LISTING**. This catalog contains additional media available for qualified groups or individuals. Special listings excerpted from the catalog are available on **HOME HEALTH, AIDS, FOOD HYGIENE, ALZHEIMER'S/AGING/LONG TERM CARE FACILITIES, ELEMENTARY SCHOOL CATALOG, LAW ENFORCEMENT, DIABETES, WIC, SMOKING, OCCUPATIONAL HEALTH AND SAFETY, MINORITY HEALTH, SPANISH LANGUAGE, and DENTAL HEALTH**. A listing of the 16mm film collection with complete descriptions is also available. Please call our office to request one of these special catalogs.

The Audiovisual Library is constantly adding new media to the collection. To receive the latest **Supplement** to the catalog, call or write our office. The catalog Supplement is updated throughout the year. If you would like to be kept informed of new materials by e-mail, please supply your e-mail address.

SUBJECT INDEX/ANNOTATIONS INTRODUCTION

The **SUBJECT INDEX** is designed to assist you in quickly locating media on various health-related topics. Titles in the **SUBJECT INDEX** are arranged alphabetically. The media format and catalog number follows the title. For example:

BIRTH OF A FAMILY 16mm - 26 1/2" VHS (open captioned) - 5120

Media Format Key:

S/T - slide/tape
16mm - 16mm film
1/2" - 1/2" VHS video
M - audiovisual model
B - book
AC - audiocassette
K - kit

Language Key:

Eng - English language
Span - Spanish language

Captioned Programs For the Hearing Impaired: In Subject Index see **HEARING IMPAIRED**.

Signed programs are narrated using American sign language.

Open-captioned programs have written text on the screen to indicate the narration.

Closed-captioned programs require the use of closed-captioned equipment to access the written text of the narration.

ANNOTATIONS

The annotations follow the subject index. Abbreviated descriptions are provided for 16mm films. A listing with complete descriptions of the 16mm film collection is available upon request. The annotation entry includes the following:

TITLE - title number

format color or black & white length prod. date audience level

Description Distributor Code Subject(s)

Notice that the Distributor Code is provided on each audiovisual. A listing of vendors' addresses and phone numbers is available upon request. This information will be helpful for customers wishing to inquire about purchasing or duplicating copyrighted videos. The copyright holder, not TDH, has videos available for purchase, and can discuss duplication rights.

AUDIENCE LEVEL KEY:

K	Preschool/Kindergarten	JrH	Junior High
P	Primary	SrH	Senior High
El	Elementary	A	Adult
I	Intermediate	Prof	Professional

All slide/tape programs are shipped in a slide carousel and are ready for showing. Most slide/tape programs are bilingual. One side of each cassette is in English and the other side is in Spanish or a cassette is provided in each of the languages. Slides are arranged in the English format. If the Spanish version is desired, be sure to replace the English title slides (color coded) with appropriately marked Spanish inserts (if available) before showing. Remember to return all slides to their original order when you are finished.

ALL PROGRAMS ARE PROTECTED UNDER COPYRIGHT LAW AND MAY NOT BE DUPLICATED OR TELEVISED WITHOUT WRITTEN PERMISSION FROM THE COPYRIGHT OWNER.

STATEMENT OF RESPONSIBILITY

Media in the Texas Department of Health Audiovisual Library collection are inventoried state property. The person indicated on the media order blank as the "individual responsible" assumes all responsibility for borrowed media. Borrower responsibility includes:

1. **Prompt return of media by the scheduled date.** The borrower is responsible for return shipping costs. Any borrower having three (3) late returns will have their Audiovisual Library privileges suspended. No further confirmed orders will be shipped to borrowers with materials still out that are two weeks or more late being returned. Willful failure to return borrowed media upon request will be viewed as theft of state property in violation of Section 31.03, Texas Penal Code, the conviction of which could, depending on value, result in a fine not to exceed \$500.00 (Class C Misdemeanor), to confinement up to 10 years and a fine up to \$10,000 (Third Degree Felony). Please return media by U.S. Mail, UPS or other insured carrier.

2. **Prompt pickup of scheduled media by borrowers.** Scheduled programs not picked up on the pickup date will be returned to the Library on that date and will be charged the same as a late return.

3. **Replacement of lost or damaged media.** Audiovisual Library personnel check all media for damage after each use. Media returned by mail should be insured. Unless otherwise specified, insure each video for \$200, each 16 mm film for \$400, each slide-tape program, book, audiocassette, or model for \$100. Shipments valued at over \$400 should be returned by UPS or similar courier service. Borrowers will be liable for returned uninsured shipment lost in transit. In the event of loss or damage beyond repair, the Audiovisual Library will invoice the borrower for the full replacement value of the media or the cost of the repair expense. All materials that come in the shipment must be returned including study guides, shipping cases, and video album covers or borrowers will be billed for their replacement. A packing slip or card is enclosed with each shipment. This should be completed with the number of showings and viewers for each item borrowed.

4. **Copyright compliance.** Borrowed media cannot be duplicated or televised without prior written permission from the copyright owner. Media cannot be shown for commercial purposes, nor can an attendance fee be charged for their showing. Violations of federal copyright law will result in the immediate suspension of Audiovisual Library borrowing privileges and prosecution by the copyright owner can result in financial penalties and/or jail.

5. **Preview prior to showing.** Borrowers are responsible for selecting media appropriate for their audiences. Media should be previewed prior to showing.

6. **Privacy Notification:** With few exceptions, you have the right to request and be informed about information that the State of Texas collects about you. You are entitled to receive and review the information upon request. You also have the right to ask the state agency to correct any information that is determined to be incorrect. See <http://www.tdh.state.tx.us> for more information on Privacy Notification. (Reference: Government Code, Section 552.021, 552.023, 559.003 and 559.004)

I acknowledge financial responsibility to the State of Texas should items borrowed be lost, stolen or damaged from the date I receive the items until the materials have been received in the library. I have read and agree to the terms in the Statement of Responsibility listed above.
